AI BRAND PLAYBOOK

Generative Prompt Framework and Marketing SOP

Industry: Tech and Gadgets | Tone: Trustworthy and Professional

Channels: Instagram and TikTok | Audience: Early Adopters 18 to 35

Version 1.1 Confidential Internal Use Only

01

BRAND IDENTITY FOUNDATION

1.1 Brand Overview

TechEdge is a direct-to-consumer e-commerce brand specialising in cutting-edge gadgets and smart technology. We serve early adopters and tech enthusiasts aged 18 to 35 who demand innovation and reliability in equal measure. Everything we create must reflect that edge.

1.2 Mission, Vision and Core Values

Element	Description
Mission	Empower the next generation of innovators with technology that is intelligent and accessible.
Vision	Become the most trusted tech gadget brand for digital-native consumers across Africa and beyond.
Tagline	Edge Ahead. Forward momentum, competitive superiority, relentless progress.
Brand Promise	Every TechEdge product delivers measurable, real-world improvement to daily life.

1.3 Core Brand Values

Value	Meaning	Copy Rule
Innovation	We champion what is next, not what is now.	Future-focused language. Avoid clichés.
Precision	Detail and accuracy in everything we publish.	Specific numbers, real specs, no vague claims.
Trust	Confidence earned through radical transparency.	Back all claims with proof points.
Accessibility	Advanced tech should not be intimidating.	Plain English first. Jargon only when earned.
Speed	We move fast and so do our products.	Short sentences. Active voice. Action verbs.

1.4 Brand Personality

Dimension	Detail
-----------	--------

We ARE	Expert, Confident, Direct, Curious, Future-focused, Reliable
We are NOT	Arrogant, Jargon-heavy, Cold, Gimmicky, Over-promising
Voice archetype	The Trusted Expert Friend: brilliant, never condescending
Writing style	Sharp, clear, evidence-led. Short paragraphs. One idea per sentence.

COPYWRITING FRAMEWORK

3.1 The TechEdge Copy Formula T.E.C.H.E.D.G.E

Every piece of TechEdge marketing copy follows this eight-step formula. It is designed to be memorable, proprietary, and repeatable by any team member without prior marketing experience.

Formula Step	Instruction
T Trigger	Open with a tension, problem, or provocative fact. Stop the scroll.
E Empathise	Show you understand the reader's frustration or desire. One sentence only.
C Claim	State your bold product promise. Specific, measurable, confident.
H Hero proof	One line of evidence: spec, stat, review quote, or direct comparison.
E Engage	Ask a question or use the phrase imagine if to draw the reader deeper.
D Direct	Clear, singular call to action. Tell them exactly what to do next.
G Guarantee	Optional: remove purchase risk. Free returns, warranty, money-back offer.
E Exit hook	Final punchy line. Memorable. Repeat the brand tagline if appropriate.

3.2 Voice and Tone by Content Context

Content Context	Tone to Apply	Example Phrase Pattern
Product launch	Excited and Authoritative	Built for people who refuse to settle.
Flash sale	Urgent and Direct	48 hours. One deal. Your move.
Educational content	Expert and Accessible	Here is exactly how it works and why it matters.
Review request	Warm and Genuine	Your honest take helps the next customer decide.
Brand awareness	Aspirational and Bold	Technology should feel like a superpower.
Crisis or complaint	Calm and Accountable	We heard you. Here is what we are doing about it.

Influencer collab	Collaborative and Peer-to-peer	We gave it to real people first.
-------------------	--------------------------------	----------------------------------

3.3 Words We Use vs. Words We Avoid

Category	Examples	Reason
USE Precision words	Engineered, Calibrated, Verified, Designed for	Conveys exactness without hype
USE Action words	Upgrade, Unlock, Accelerate, Streamline	Active voice, forward momentum
USE Proof words	Tested, Rated, Trusted, Certified, Reviewed	Builds credibility
AVOID Lazy superlatives	Best-in-class, Amazing, Revolutionary	No evidence. Readers tune out.
AVOID Passive voice	Is designed to, Can be used for	Weakens the message. Use active voice always.
AVOID Unexplained jargon	MHz, latency, API without context	Alienates non-specialists in your audience
AVOID Pressure tactics	Buy NOW or miss out, Last chance EVER	Damages trust long-term

4.7 Visual Ad Brief Two Separate Tools

This prompt is split into two parts. Part A is for AI image generation tools such as Midjourney, DALL-E, and Adobe Firefly. Part B is the designer handoff brief. These must be used separately because AI image tools cannot understand layout geometry, hex codes, or text zone instructions. They respond only to subject, lighting, and mood descriptions.

Part A AI Image Generation Prompt Midjourney, DALL-E, Adobe Firefly

PROMPT AI Image Generation Cinematic Product Shot

Use this prompt to generate a background or product hero image only.
AI image tools cannot place text, read hex codes, or follow layout geometry.
Generate the image first, then hand it to your designer with Part B below.

EXAMPLE PROMPT READY TO PASTE INTO MIDJOURNEY OR DALL-E:

Cinematic product photography of a sleek matte black power bank on a deep forest green textured surface. Dramatic side lighting with a warm amber and electric orange rim light. Shallow depth of field. Macro lens close-up. Dark moody atmosphere. Photorealistic.
No text, no logos, no watermarks. Shot style: Apple product launch photography.

NOW BUILD YOUR PROMPT USING THESE VARIABLES:

Product: [PRODUCT NAME e.g. wireless earbuds, smartwatch]

Product colour and finish: [COLOUR AND FINISH e.g. matte black, brushed silver]

Surface or setting: [SETTING e.g. dark forest green desk, concrete surface, leather wallet]

Lighting mood: [LIGHTING e.g. warm amber rim light, cool blue backlight, dramatic side light]

Camera style: [CAMERA e.g. macro close-up, wide product shot, 45-degree angle]

Atmosphere: [MOOD e.g. dark and premium, bright and energetic, moody and cinematic]

COMBINE INTO ONE PROMPT IN THIS FORMAT:

Cinematic product photography of a [COLOUR AND FINISH] [PRODUCT NAME] on [SETTING].

[LIGHTING]. [CAMERA STYLE]. [ATMOSPHERE]. Photorealistic. No text, no logos.

Shot style: Apple product launch photography.

DO NOT INCLUDE: hex codes, layout zones, text placement, brand guidelines, or pixel sizes.

AI image tools will ignore or misinterpret all of these.

Part B Designer Handoff Brief Canva, Figma, Photoshop**PROMPT Designer Handoff Layout and Copy Brief**

Use this brief AFTER generating your AI product image with Part A above.
Share this document with your designer or paste it into a Canva AI design prompt.

DESIGNER BRIEF TEMPLATE:

FORMAT: [SPECIFY e.g. Instagram Feed 1080 x 1080 px, Story 1080 x 1920 px]

BACKGROUND IMAGE: Use the AI-generated product image from Part A.

COLOUR USAGE:

Background overlay: Deep Forest Green #0A2E1E at 85 percent opacity
 Primary headline: Off-White #F4FBF7 in Inter ExtraBold
 Accent colour: Electric Orange #FF5E1A for CTA button and key word highlights
 Supporting text: Electric Green #00C466 for sub-copy and feature labels

TEXT ZONE LAYOUT:

Top zone: TechEdge logo in white, 80 x 80 px, top-left corner
 Centre zone: Product image from Part A, cropped to fill 60 percent of canvas
 Lower zone: Gradient overlay fading in from 50 percent down
 Headline text: Placed over lower gradient, Inter ExtraBold, left-aligned
 CTA button: Electric Orange pill shape, bottom 10 percent of canvas

COPY TO PLACE ON THE DESIGN:

Headline: [PASTE YOUR HEADLINE FROM THE RELEVANT COPY PROMPT]
 Sub-copy: [PASTE SUB-COPY FROM RELEVANT COPY PROMPT]
 CTA button text: [PASTE CTA TEXT FROM RELEVANT COPY PROMPT]

DO NOT INCLUDE: stock photography of people, competitor products, clip art,
 decorative fonts outside the approved type stack, or colours outside the brand palette.

4.8 UGC and Influencer Brief

PROMPT UGC Brief Influencer or Customer Content Request

You are briefing a micro-influencer or customer for TechEdge user-generated content.

Tone: Friendly, clear, collaborative. Make it easy to create great authentic content.

Goal: Content that converts without looking like a paid advertisement.

EXAMPLE OF A PERFECT OUTPUT:

WELCOME NOTE: Thank you for partnering with TechEdge. We chose you because your

audience trusts your recommendations, and that trust matters more to us than reach.

YOUR MISSION: Create a 15-second TikTok showing how PowerCore 72 fits into your daily routine.

WHAT TO SHOW: Unbox the product naturally on camera.

Plug in your phone and show the charging speed on screen.

Reaction shot when you see the battery percentage rise.

WHAT TO SAY: Tell your audience what problem it solves for you personally.

Mention the 72-hour battery using your own words.

Share one thing that surprised you about it.

WHAT NOT TO DO: Do not read from a script. Do not use competitor brand names.

Do not show the product in poor lighting or blurry footage.

CAPTION GUIDELINES: 80 to 100 words maximum. Include #TechEdge #EdgeAhead and tag @TechEdge. End with your honest

recommendation.

SUBMISSION: Send your final video to content@techedge.com by [DATE].

Use the subject line: UGC Submission and your name.

SOP CHECKLISTS QUALITY CONTROL

Complete these checklists before publishing any content. Designed for non-technical team members. No prior marketing experience required.

5.1 Pre-Publish Copy Checklist

COPY QUALITY CHECKLIST

- ☐ Does the headline contain 8 words or fewer?
- ☐ Is the primary benefit stated in the first sentence?
- ☐ Have all words from the Words We Avoid list in Section 3.3 been removed?
- ☐ Is there exactly one clear call to action and not two or three?
- ☐ Does the tone match the content context table in Section 3.2?
- ☐ Is all product information including price and specs verified and current?
- ☐ Has the copy been read aloud to check for awkward phrasing?
- ☐ Are all hashtags relevant and checked for inappropriate associations?
- ☐ Has a second team member reviewed this copy? Required for all paid ads.
- ☐ Is the brand tagline Edge Ahead included or referenced where appropriate?

5.2 Pre-Publish Visual Checklist

VISUAL QUALITY CHECKLIST

- ☐ Are logo dimensions and placement correct per the Section 2.3 format specs?
- ☐ Are only approved brand colours from Section 2.1 used in this asset?
- ☐ Is the product image high resolution: 300 dpi for print, 72 dpi at 2x for digital?
- ☐ Is the platform safe zone respected for all assets being published?
- ☐ Are only approved fonts used: Inter and IBM Plex Mono?
- ☐ Does the visual match TechEdge dark-green and orange aesthetic?
- ☐ Has the visual been tested on both light and dark mobile screens?
- ☐ Does it communicate the message without audio? Critical for TikTok and Reels.
- ☐ Is the file exported at the correct specifications for each platform?
- ☐ Is there no competitor branding or irrelevant imagery visible in the frame?

5.3 AI Prompt Quality Checklist

AI PROMPT QUALITY CHECKLIST

- ☐ Was the complete prompt pasted including the system context at the top?
- ☐ Were all BRACKETED VARIABLES replaced with real and verified product details?
- ☐ Is the AI output factually accurate with no invented specs or false claims?
- ☐ Has off-brand language been identified and removed using Section 3 as a guide?
- ☐ Has the copy been humanised by removing obviously AI-generated phrasing?

- [] Has the final copy passed the Pre-Publish Copy Checklist in Section 5.1?
- [] Has the successful prompt and output pair been saved for future reference?

5.4 Publishing SOP Step by Step

1. Select the correct prompt from Section 4 for your content type.
2. Replace all BRACKETED VARIABLES with verified product information.
3. Paste into Claude.ai, ChatGPT, or Gemini and generate the output.
4. Review the output against the AI Prompt Quality Checklist in Section 5.3.
5. Edit all AI-sounding language. Copy must read as human and on-brand.
6. Run the final copy through the Pre-Publish Copy Checklist in Section 5.1.
7. For visuals: use Part A of Section 4.7 to generate the product image, then hand Part B to your designer.
8. Review all visuals against the Visual Quality Checklist in Section 5.2.
9. Submit to team lead for final sign-off. All paid ads require two-person approval.
10. Schedule or publish at the approved time and log the date and platform in your content tracker.
11. Monitor for the first 2 hours after publishing. Flag any errors to team lead immediately.

QUICK REFERENCE DOS, DONTs AND ESCALATION

7.1 Universal Brand Rules

THE DOS

DO: Always lead with the customer benefit, not the product feature.
 DO: Use specific numbers. 72-hour battery, not all-day battery.
 DO: Keep headlines to 8 words or fewer across all formats.
 DO: Include exactly one call to action per piece of content.
 DO: Test all visual assets on a real mobile device before publishing.
 DO: Use the AI prompts in Section 4 exactly as written, variables only.
 DO: Run every piece of content through the relevant checklist in Section 5.
 DO: Archive every successful campaign prompt and output for future reuse.

THE DONTs

DONT: Post without completing the relevant checklist in Section 5.
 DONT: Use colours, fonts, or layouts not approved in Section 2.
 DONT: Publish AI-generated copy without human review and editing first.
 DONT: Use passive voice in any headline or call to action.
 DONT: Make product claims without verifiable evidence behind them.
 DONT: Use more than one exclamation mark per piece of content.
 DONT: Post trending content that contradicts TechEdge professional tone.
 DONT: Respond to negative comments publicly without team lead approval first.
